

SCHOOL BREAKFAST PROGRAMME

Dear Parent / Carer,

Young minds and bodies need solid nutrition to keep up with the day's demands. In the morning rush, breakfast is an important meal that is often missed. As a school, we are committed to ensuring that no child in our care is ever too hungry to learn. Therefore, with the support of a local sponsor, we are proud to offer a **free breakfast option to every child as they arrive into school.**

Previously we were offering breakfast bagels, however we have noticed many children are not eating them and we are seeing lots of food go to waste. Due to this, we would like to trial something brand new. Each class will have a cereal dispenser in their classroom, offering children the choice of two chosen cereals. Also available daily are bowls, spoons and fresh milk.

It is completely optional for your child to decide whether they would / would not like to eat the cereal. We advise that if your child does decide to eat the cereal option, where possible, it should be a supplement to, and not a replacement for, the breakfast that they have at home with you each morning.

Please note that:

- ✓ It is completely optional for your child to decide whether they would / would not like to eat the cereal.
- ✓ **We advise that if your child does decide to eat the cereal, where possible, it should be a supplement to, and not a replacement for, the breakfast that they have at home with you each morning.**
