Statement of intent

At St Chad's CofE Nursery and Infant School, we use Class Dojo as part of our relational approach to supporting children's personal development, strengthening communication with families, and recognising meaningful moments in school life.

We believe that every child deserves to feel noticed, valued and a sense of belonging within their school community. Class Dojo helps us to share these moments in a timely and accessible way with parents and carers, supporting our commitment to working in partnership.

Our use of Class Dojo reflects our wider ethos of relational practice and recognition of children's efforts, attitudes and achievements. It is used to highlight and reinforce behaviours, learning attitudes and school values. It is not used as a behaviour management system that relies on external rewards, but as one of several ways we recognise children's efforts and contributions within a culture that nurtures encouragement and intrinsic motivation.

Through Class Dojo, we aim to:

- Strengthen relationships between home and school
- Share key messages, updates and information in a clear and accessible way
- Recognise children's learning, effort and personal development in line with the school's values and ethos
- Support families with guidance, curriculum-linked home learning and useful information
- Support a shared commitment to reading by providing opportunities for families to share weekly home reading videos via Class Dojo, submitted by Thursday evening each week. • Support a shared commitment to reading by providing opportunities for families to share weekly home reading videos via Class Dojo, submitted by Thursday evening each week.
- Promote a consistent culture of recognition and encouragement across school
- Ensure families are informed about events across class, year group, school and the wider community
- Maintain safe, respectful and appropriate communication between staff and families
- Ensure equitable access to communication systems for all families

Class Dojo is one of several tools used to strengthen communication and partnership between home and school. Whilst it supports the sharing of information, learning and achievements, it does not replace the importance of face-to-face relationships, conversations and meaningful interactions between staff, children and families.

Class Dojo sits alongside our wider relational behaviour approach, which prioritises connection, consistency and the development of intrinsic motivation in children.

Aims

We aim for every person to follow our school ethos and LOVE promise:

LOVE God **LOVE** Neighbour **LOVE** Self (*Matthew 22:36*)

As a Church of England school, our school vision takes inspiration from and is deeply rooted in the Greatest Commandment:

"Love God with all your heart and with all your soul and with all your mind and love your neighbour as yourself".

Our school's core values of **love, friendship, compassion and respect** sit at the heart of our school community and underpin every aspect of school life, including our whole school policy for promoting positive behaviour.

Love: "Do everything with love". (*Corinthians 16:14*)

Friendship: "Encourage one another and build each other up". (*Thessalonians 5:11*)

Compassion: "Be kind to one another". (*Ephesians 4:32*)

Respect: "Treat others as you want to be treated". (*Luke 6:31*)

We aim to develop happy, confident, loving and caring children who look after and value themselves, each other and their world. We want every child to feel valued and special and flourish with their unique God-given talents in all that they choose to do.

We seek to be positive role models to our children, guiding and teaching them through our 'LOVE Promise'. We:

Look after our school and each other

Only ever do our best

Value everyone and remember our manners

Enjoy our learning!
